Young drivers learn to face street dangers

BY SHERRI MASTERSON

Event Chairman

The Race Committee put together our second Tire Rack Street Survival in NWR on Sept. 27 at Bremerton Motorsports Park. Seventeen students from Olympia, Tumwater, Poulsbo, Seattle, Bellingham, Redmond, Federal Way, Shoreline, Newcastle and Tacoma attended our school on a beautiful Pacific Northwest cool sunny day.

Daryl Owens from Puget Sound Road Race Association oversaw the course setup with Steve Downing and Tim Irwin shared the duties of Solo safety steward (Tim also coached the first half the day). David Jackson stepped up and performed a good job as classroom instructor. Coaches were running short just prior to the event but came to our aide when a plea was sent out to the NWR community.
