

Wednesday's dinner banquet filled the auditorium.

year, there really aren't very many tight races. As of this writing, some of the current leaders can get taken out if the second-place driver competes and finishes well.

In SS, Nathan Provo needs only 70 points to move up to first. In SM, Jonathan Knapp could take the season over Charles Aggenbach with a good showing. In SM2, Chris Novak could catch Bob Bundy by outscoring Bob by 2.5 points. In Open PAX, Mike Lillejord has a mathematical chance of catching Kevin Dietz, but I wouldn't bet on that happening.

Next year's finale and national championships are likely to be held at a new venue. While scuttlebutt has it that Heartland Park may still be our site for 2009, it seems likely that we'll be moving to one of the following: Dallas; Blytheville, Ark.; Kansas City, Kan.; or Lincoln, Neb.

Stay tuned.
